Venue: Auckland City Stamps
(1 Ngaire Avenue, Newmarket, Auckland)

So far 2025 has been very busy with lots of new purchases from all over New Zealand. We've also found time to work though some more unsorted stock that's been sitting unseen in our offices for many years.

As well as our mystery boxes, we will have plenty to choose from with a large range of country lots in Albums with a good range of World, small to large Box Lots from NZ to Mixed World. New Zealand includes FDCs, Revenues, Postal History & Postmarks. There will be small to large Kiloware lots, Second Hand Stockbooks, Albums, Catalogues and Accessories. In Literature we have a large range to clear starting from \$5 upwards. We will also have our RED BOXES out with 20% off for those after individual NZ and World stamp Bargains.
